Re: GCSE Results – August 2023

Congratulations to our Year 11 students for their achievements in their GCSE results! 73% of students achieved grade 4+ in both English and Maths, with on average a third of students achieving the very highest grades 7-9 in these core subjects.

SRS are delighted to celebrate the achievements of all of our students who now have what they need to access the next stage of their education, training or employment, with many progressing into our Sixth Form to study a range of A Level subjects.

Amongst the highest GCSE achievers are one student who achieved grade 9s across the board, four students who secured nine grade 9 or 8, and at least sixteen students who all achieved nine grades 7-9.

Principal, Clare Cross, congratulated students saying, “These results are a credit to your hard work and determination to achieve your best. You are exceptional young people and we couldn’t be prouder of you. Congratulations on your achievements.”
