BEHAVIOUR STRATEGY OVERVIEW

The Governing Body believes that in order to enable effective teaching and learning to take place, good behaviour in all aspects of school life is necessary. It seeks to create a caring and learning environment in the school by:

- promoting good behaviour and discipline;
- promoting self-esteem, self-discipline;
- regard for authority and positive relationships based on mutual respect;
- ensuring fairness of treatment for all;
- encouraging consistency of response to both positive and negative behaviour;
- promoting early intervention;
- providing a safe environment free from disruption, violence, bullying and any form of harassment;
- encouraging a positive relationship with parents and carers to develop a shared approach to involve them in the implementation of the school's strategy associated procedures.

ROLES AND RESPONSIBILITIES

The Governing Body will establish in consultation with the Principal, staff and parents the strategy for the promotion of good behaviour and keep it under review. It will ensure that it is communicated to students and parents, is non-discriminatory and the expectations are clear. Governors will support the school in maintaining high standards of behaviour.

The Principal will be responsible for the implementation and day-to-day management of the strategy and procedures. Support for staff faced with challenging behaviour is also an important responsibility of the Principal.

Staff, including teachers, support staff and volunteers, will be responsible for ensuring that the strategy and procedures are followed, and consistently and fairly applied. Mutual support amongst all staff in the implementation of the strategy is essential. Staff have a key role in advising the Principal on the effectiveness of the strategy and procedures. They also have responsibility, with the support of the Principal, for creating a high quality learning environment, teaching good behaviour and implementing the agreed strategy and procedures consistently. The Governing Body, Principal and staff will seek to ensure there is no differential application of the strategy and procedures on any grounds, particularly ethnic or national origin, culture, religion, gender, disability or sexuality. They will also endeavour to ensure that the concerns of students are listened to and appropriately addressed.

Parents and carers will take responsibility for the behaviour of their child both inside and outside the school. They will be encouraged to work in partnership with the school to assist the school in maintaining high standards of behaviour and will have the opportunity to raise with the school any issues arising from the operation of the strategy.

Students will be expected to take responsibility for their own behaviour and will be made fully aware of the school strategy, procedure and expectations. Students also have a responsibility to ensure that incidents of disruption, violence, bullying and any form of harassment are reported.

PROCEDURES

The procedures arising from this strategy are developed by the Principal in consultation with the staff. The procedures make clear to the students how acceptable standards of behaviour can be achieved and have a clear rationale which is made explicit to staff, students and parents. The procedures will be consistently and fairly applied and promote the idea of personal responsibility and that every member of the school has a responsibility towards the whole community.

REWARDS

We reward students who meet or exceed our expectations in the following ways:

House Points

These points go towards the House Cup. Prizes are awarded for the students who accumulate the most number of House Points.

Rewards Vouchers

Teachers recognise students who have gone above and beyond in their lessons or make a significant contribution to the wider life of the school through awarding them vouchers. These are traded in at their year office for a range of mystery prizes.

Students of the week (Y7-11)

Form tutors recognise students who continually make excellent contributions to their form.

Achievement Assemblies (Y1-Y6)

At the end of each week, the school holds an assembly to celebrate the achievements of students. This will include certificates for home reading and Maths timetable challenge.

Achievement Assemblies (Y7-Y13)

At the end of each term, Heads of Year hold an assembly to celebrate the achievement of the students.

Annual Prize giving

In the Autumn Term, there is a formal prize-giving ceremony for students who have achieved the best results in the end of year examinations. In addition, there are prizes for students who have participated in enrichment and sporting activities. Parents are invited to the ceremony which is held in the evening.

End of Year Rewards Activities (Y7-13)

In the Summer Term, students who have met or exceeded our expectations will be offered the opportunity to attend a reward activity. Activities in the past have included the London Dungeons and Thorpe Park. The rewards activities For Year 11 students this rewards event will normally be the Prom and for Year 13 students it will normally be the Soiree. While these activities are subsidised by the school, there is often some cost to students.

Golden Rewards Activities (EYFS-Y6)

Each half-term students who have met or exceeded our expectations will be offered the opportunity to take part in our menu of Golden Rewards Activities. This will be based on behaviour and attendance. The menu may include some trips and activities held at the secondary site.

100% Attendance Rewards

Attendance rewards and prizes are given out at the end of each term.

ENRICHMENT

There are also various rewards for students who make a significant contribution to the wider-life of our school. For example:

- Student Leadership Team (Student Principal and Vice Principals)
- House Captains

- Prefects
- Student Council members
- Cultural Council members
- SYD TV Production Team
- Performing Arts cast members
- Debate Mate team members

SANCTIONS

The purpose for sanctions are:

- To respond to inappropriate behaviour.
- For students to realise their role in the learning partnership.
- To provide a secure learning environment.
- To encourage personal development in order to function as a civilised member of society.
- For students to accept responsibility for their own behaviour.
- To prevent the disruption of the learning of all students.

A range of sanctions are clearly defined in the procedures and their use will be characterised by clarity of why the sanction is being applied and what changes in behaviour are required to avoid future sanctions. The procedures make a clear distinction between the sanctions applied for minor and major offences.

When poor behaviour is identified, sanctions will be implemented consistently and fairly. The school will have a range of disciplinary measures in place. These can include:

- A verbal reprimand.
- Extra work or repeating unsatisfactory work until it meets the required standard.
- The setting of written tasks as punishments, such as writing lines or an essay.
- Loss of privileges – for instance the loss of a prized responsibility or not being able to participate in a non-uniform day.
- Missing break time.
- Detention including during lunch-time, after school and at weekends.
- Working in a supervised environment away from their peers.
- School based community service or imposition of a task – such as picking up litter or weeding school grounds; tidying a classroom; helping clear up the dining hall after meal times; or removing graffiti.
- Regular reporting including early morning reporting; scheduled uniform and other behaviour checks; or being placed “on report” for behaviour monitoring. This may include reporting to their tutor, Head of Year, AS tutor or other members of SLT.
- Respite at an alternative provision.
- In more extreme cases the school may use suspension or permanent exclusion.

Teachers can discipline pupils at any time the pupil is in school or elsewhere under the charge of a teacher, including on school visits. Teachers can also discipline pupils in certain circumstances when a pupil’s misbehaviour occurs outside of school.

While we expect parents to support sanctions put in place by the school, we do not require parental consent to sanction students.

TARGETED INTERVENTION

The Governing Body will seek to ensure that all available resources to promote inclusion and remove barriers to learning are appropriately targeted to provide effective intervention.

TRAINING

The Governing Body will seek to ensure that appropriate high-quality training on behaviour management is provided to support the implementation of the strategy.

INTERRELATIONSHIP WITH OTHER SCHOOL STRATEGIES

In order for the behaviour strategy to be effective, it will be implemented in conjunction with other school strategies, particularly equality of opportunity, special educational needs and anti-bullying.

INVOLVEMENT OF OUTSIDE AGENCIES

The school works positively with external agencies. It seeks appropriate support from them to ensure that the needs of all students are met by utilising the range of external support available.

REVIEW

The Principal, in consultation with the staff, will undertake systematic monitoring and conduct regular reviews of the behaviour management strategy and procedures in order to evaluate them to ensure that the operation is effective, fair and consistent. The head will keep the Governing Body informed.

The Governing Body will regularly review this strategy and associated procedures, to ensure its continuing appropriateness and effectiveness.

DISCIPLINE AND SANCTIONS (EYFS-Year 6)

Our primary phase operates the 'Stay on Green' strategy. We encourage all of our students to make positive choices and meet the expected standards of behaviour at all times during the school day. Students can earn rewards by continuously meeting, or surpassing, our expected standards. Low level or extreme disruptions to lessons are not tolerated at our school. Students will be challenged by using the strategies shown below if they show these behaviours.

ISOLATION

Students who continually fail to meet our expectations or commit a serious breach of discipline will be isolated. They will work away from their normal classroom. The number of days of isolation will depend on the nature of the incident.

DISCIPLINE AND SANCTIONS (Y7-Y13)

The majority of our students never experience any of our sanctions. Occasionally certain students may fail to meet our expectations and need a reminder of what is acceptable.

WARNING SYSTEM

Students who fail to meet our expectations in lessons, for example being inattentive in class, will receive a warning. If they do not correct their behaviour, or do something else unacceptable, they will receive a second warning. If a third warning is necessary, students will be relocated from the lesson.

RELOCATION

Students who are relocated must make their way to K0.01 where they will give the member of staff their planner and work there for the remainder of the lesson. Students will be expected to work in silence. Students who are relocated must sit a thirty-minute detention after school on the same day. Occasionally, a student may be relocated without two warnings. This will usually be the result of a serious breach of discipline.

BEING ON REPORT

Students who fail to meet our expectations persistently will be put "On Report". They will be work with a designated member of staff who will set clear and specific targets. This is a mechanism to monitor and support students in all their lessons. If your child is on report please ensure you sign the relevant section each night. The report protocol will be clearly explained should the need arise.

LATE TO LESSON

Students who are late to lessons must sit a thirty-minute detention after school on the same day.

LATE TO SCHOOL

- Students must be in their form rooms by 08:40 each morning.
- If students arrive to their form rooms after 08:40 then they will be classed as late to school.
- The doors in the Atrium will close at 08.35 and any student not on site by this time will be deemed late to school.
- All students who are late to school between 08.35 and 09.00 must sit a thirty-minute detention after school on the same day.
- All students who are late to school after 09.00 must sit a one hour detention after school on the same day.
- Exceptions will only be made for valid reasons such as medical and dentistry appointments. Reasons such as traffic, public transport delays, going back to get something left at home or feeling slightly unwell in the morning will not be considered valid reasons for lateness and will still result in a detention.
- We endeavour to send home a notification through the app or a text messages to inform parents that their child was late.

DETENTIONS

Students who fail to meet our expectations, for example handing in poorly completed homework or failing to attend compulsory interventions, will be given detentions. Detentions can be anything up to an hour in duration. Detentions will normally take place in the classroom of the teacher who set the detention and students will be given additional work to do. When a detention is set, the date, time and location of the detention is written in the student's planner. Students will not be kept for more than 1 hour after their peers have gone home.

ISOLATION

Students who continually fail to meet our expectations or commit a serious breach of discipline will be isolated until 4pm. They will work away from their normal classroom. The number of days of isolation will depend on the nature of the incident.

Students may be taken out of lesson while we investigate an incident or allegation of wrongdoing. They will leave at 3pm as normal and this will not be recorded as a negative behaviour on their behaviour log during the investigation. We will endeavour to complete the investigation as soon as possible to minimise their time out of lessons.

RESPITE

At Sydney Russell School we operate a respite strategy as part of a 'restorative intervention' programme. We carry out this programme in partnership with Riverside Secondary School and Greatfields Secondary School. It is made up of either a short placement, or series of such placements at each school. Students placed on respite will receive the level of support necessary to enable them to return to our school.

Respite will be based around an action plan focused on achieving the outcomes required for students to return to Sydney Russell School. It encourages students to become a reflective and a resourceful agent of change and will at all times focus on what is required for students to succeed at our school. The staff at Sydney Russell, Riverside and Greatfields will review the action plan at key intervals determined by the length of the placement.

DETENTION PROCEDURES

Detentions are held after school in K0.01, the canteen or with an individual staff member.

Relocation detentions are run centrally after school and staff supervise on a rota basis.

Late to school detentions are held on the same day. A medical appointment is the only reason for a student not to sit their late detention (evidence must be provided).

Late to lesson detentions are held on the day they have been issued.

Tutor detentions are issued for issues identified by tutors such as missing equipment, uniform issues or diaries not being signed. These detentions are run centrally in the Old Canteen.

Homework detentions, including for knowledge organiser, are arranged by and held with the teacher.

Centralised detentions begin promptly after school. Duty staff are expected to supervise the first 30 minutes. The Inclusion Coordinator or another member of support staff will supervise students beyond the first 30 minutes.

All students in centralised detentions are expected to complete work, such as their knowledge organiser, in silence. Non-compliance will result in the relocation detention in a further sanction. The Inclusion Coordinator will provide the necessary sheets and complete an attendance register/the signing of diaries.

Information on students who fail to attend or disrupt relocation detentions will be passed to the Head of Year for follow up.

The atmosphere we encourage in the centralised detentions is one of silence. Staff should maintain this and not enter into discussions with students.

As a general rule the school does not recommend whole class detentions.

Parental consent is not required for detentions regardless of whether suitable travel arrangements can be made with the pupil. It does not matter if making these arrangements is inconvenient for the parent.

Students who fail to attend a subject detention are referred in this first instance to the Head of Department. Heads of Departments are required to reset the detention for 1 hour. If a student fails to attend a rescheduled detention, Heads of Departments are to refer the student to their Head of Year, who will then decide an appropriate sanction.

Students who have multiple detentions due to be sat at the same time should seek the advice of their Head of Year in advance about what to prioritise.

The pastoral team will decide on the support and sanction given to students being regularly relocated. Sanctions and strategies available may include:

- Meeting with parents
- Placing the student on report to a member of staff
- Issuing an isolation or suspension
- Departmental isolation
- Referral to well-being team
- Referral to outside agencies
- Referral to THRIVE
- Removal of privileges e.g. participation in school visits
- Request for involvement or further involvement of SENCO
- A change of teaching group/form group
- Joining the Academic Support or Targeted Support group

SERIOUS INCIDENTS

Serious incidents should be dealt with as quickly as possible. Any incident involving physical aggression or serious verbal abuse (e.g. swearing, racist/homophobic/disablist/sexist abuse) to a member of staff must be reported via an incident form to a Pastoral Leader/Senior Leadership Team immediately.

Persistent or serious infractions of the School Behaviour Strategy may result in students/parents/carers being requested to appear before the Governing Body's Disciplinary Committee.

All members of staff witnessing a serious incident should make a written report using the school proforma as quickly as possible and send it to the person dealing with the incident or, if that is not known, to the Pastoral Leader/SLT.

RACIST/HOMOPHOBIC/DISABLIST/SEXIST INCIDENTS

We expect students to show respect and consideration for others. Racist/Homophobic/Disablist/Sexist language and abuse towards other students and staff will not be tolerated.

All racist/homophobic/disablist/sexist incidents will be treated as a serious incident and the Procedure for Dealing with Serious Incidents will be followed.

REPORTING ISSUES

EYFS – Y6

We encourage all of our students to report any issues to a member of staff. If your child feels unable to do this, we ask you to contact the class teacher so the issue can be investigated and resolved. We understand that some students feel that tilling a member of staff about something which has upset them will make the problem worse. It doesn't. The problem might get worse if we're not informed and can't do anything.

Y7 – Y13

If any student has a concern, would like to report an issue or wishes to speak with a member of staff, we always encourage them to visit our LSC (Learning Support Centre). When students arrive at the LSC, they may be asked to write a statement, so that we can then begin to investigate and support to resolve any issues or concerns they may have. All statements are passed onto the Head of Year and kept safe for future reference. Students who do not wish to attend the LSC are still able to write a digital statement that will be picked up by the LSC manager. This can be found on our intranet page under the tab 'SAFE'.

EQUIPMENT

Compulsory items of stationery

The following items are compulsory parts of student's equipment:

- 2 black pens
- 1 green pen
- 1 ruler
- 1 rubber
- 1 pencil
- 1 pencil sharpener
- 1 highlighter (Yellow)
- 1 glue stick
- 1 protractor
- 1 mathematical compass
- Scientific calculator

All items must be in good working order. Fountain and gel pens are not permitted. Students should not keep mathematical compasses on their person; they must be kept in their bag when not being used in lesson. Equipment can be purchased from any supplier, including the Front Office before or after school.

Other useful equipment

The following items are not compulsory and will be available in classrooms if required but many students find them useful and choose to provide their own. A dictionary, thesaurus and French/Spanish dictionary.

Items provided by the school

The school will provide students with a planner, knowledge organiser, knowledge organiser book and house badge on the first day. These are compulsory parts of their equipment which they must have each day. If students misplace or damage any of these items they will need to pay to replace them. This can be done through Reception. Students must also have a library book from the fiction section as part of their equipment, which can be loaned from our library. Students who lose or damage a library book will be asked to pay for it.

Musical Instruments

As part of the Music in Secondary School's Trust (MiSST), students will be learning an orchestral instrument over the next three years (Year 7-9). Students will be loaned an instrument and initial accessories free of charge.

Students will receive their serial coded instrument. Each student is expected to take their instrument home and complete all set homework. A large proportion of music homework will be practice – we expect our students to practice for 20 minutes, four times a week. Any lack of practice will inhibit your child's progress. As such, if a student forgets to take their instrument home or bring it for their lesson then they will receive a 30 minute detention.

The care of the instrument and accessories is the responsibility of each student. Any damage or loss other than generally accepted 'wear and tear' (i.e superficial scratches, abrasions) will have to be paid for by the student's parent/carer. Instruments will be regularly checked in their music lessons to ensure they are fully equipped and functioning. At the end of the course, instruments must be returned to the school in the same condition in which they were lent.

HOMEWORK

Homework is an important part of learning. Teachers will set homework tasks to reinforce what has been taught in class; to provide additional practice; to enable students to complete longer tasks and projects and to catch up work that has been missed. Students will be expected to record the homework set in their planners. We ask that you regularly check their planner for homework and this should be indicated by signing the relevant box each week.

Homework is compulsory and it is the students' responsibility to ensure that they are clear about what they have to do and that they have the relevant equipment and materials. Students who fail to complete their homework to the required standard by the deadline will be given a detention.

Knowledge organisers

The Knowledge Organiser is a resource which provides you with an overview of key words, definitions and subject content which students are learning over the course of a half term. This resource will help them to learn important knowledge 'off by heart' using the look/cover/write/check/assess process. The Knowledge Organiser pack, containing the Knowledge Organiser subject pack and a green exercise book in an A4 plastic zip-wallet, is provided free of charge. Each half term students will receive a new Knowledge Organiser subject pack.

If they lose their Knowledge Organiser, a replacement can be purchased from the Front Office (Reception) at the following costs:

Knowledge Organiser subject pack - £1 Exercise book - 50p Plastic zip-wallet - 50p

SUSPENSION AND EXCLUSION STRATEGY

There are four categories:

- 1-4 Days Internal Isolation/Inclusion. This takes place in school in a designated venue and runs from 9:00-4:00. Students work in that venue all day and are supervised by the Isolation Coordinator. Only SLT, HoYs and AS Tutors can set a one day Internal Exclusion/Inclusion.
- Suspensions. These are monitored by DCSF and are generally for 5 days or more. Only the Head Teacher or a senior leader acting for the Head Teacher can set a suspension. Ratification of these suspensions has to been done by the Governing Body's Disciplinary Committee. The LA will make arrangements to ensure the continuity of education for students on suspensions.
- Permanent Exclusion. This is when the Head Teacher has made a decision that a student may not return to school. This decision is only taken in response to 'serious breaches of school's behaviour strategy' and if allowing the student to remain in school would seriously harm the education or welfare of the student or of other students, staff or members of the wider community. Following the permanent exclusion hearing the parents have 15 days in which to appeal against the decision. Until this time period elapses the student remains the responsibility of the school.

When a decision to suspend has been made, parents are notified as quickly as possible. This may initially be by telephone call, followed by a letter. If the student is being looked after by the Local Authority, the Social Service department should be informed. Parents are legally required to ensure that their child is not present in a public place during school hours and they may be given a fixed penalty notice or prosecuted if they fail to do so.

The suspension notification should state the reason for the suspension, its duration and the date of the post-suspension meeting. It must also inform parents/carers of their right to make representation to the Governing Body.

The school works with outside agencies to assess the needs of pupils who display continuous disruptive behaviour.

BULLYING STRATEGY

You should be reassured that bullying of any kind will not be tolerated at our school and any instances of bullying will be investigated and dealt with.

We expect students to show respect and consideration for others.

- By deploring and avoiding violence, including pushing kicking or fighting (even in fun).
- By refraining from insults, verbal abuse and bad language (including swearing, racist/homophobic/disablist/sexist comments).
- By reporting any instances of bullying or intimidation to the Learning Support Centre (LSC).

WHAT IS BULLYING?

Bullying is any behaviour that is intended to hurt or belittle someone; that makes them feel ashamed, unhappy or afraid.

This means:

- Name calling on a regular basis.
- Pushing or tripping
- Deliberate kicking, punching or other physical violence
- Taking or damaging property
- Excluding anyone from a group activity
- Laughing at or ridiculing someone

Students are given the following advice:

- If you are bullied or see bullying taking place tell an adult in school report it to a member of staff in the LSC immediately
- Remember it is not wrong to tell
- Don't try to buy the bully off
- Remember: it is not your fault

Parental Advice:

- Bullying is a serious action-don't treat it lightly.
- Watch for signs of distress -unwillingness to come to school; unusual patterns of illness.
- Talk to your child about what school is like.
- Encourage your child to report bullying -it will be taken seriously.
- Reassure your child that telling is not wrong.
- Do not encourage retaliation.
- Contact your child's Year Head straight away if you have any concerns.
- Work with the school. The problem can be solved.

Procedures for dealing with incidents of bullying behaviour

- Steps taken to support and respond to the needs of both bullied and bullying pupils.
- Records kept
- Action which may be taken
 - Contacting parents/carers of all pupils concerned in the bullying incident.
 - Investigation.
 - Feedback to those concerned.
 - Sanctions.
 - Contacting relevant professionals

ASSAULTS ON STAFF AND OTHER SERIOUS INCIDENTS

All assaults on staff will be treated as a serious incident

The term 'assault' can be used to cover a very wide range of actions, ranging from pushing past someone, to using a weapon to cause serious injury. It would be wrong, therefore, and against the principles of natural justice, to have a blanket standard response which laid down the same action whatever the nature of the incident or the circumstances which led up to it.

All incidents will be dealt with individually, taking into account such factors as:

- the circumstances leading up to the incident;
- the nature of the incident.

If an incident is:

- Serious and/or sustained
- Pre-meditated
- Involving drugs or a weapon
- Following a warning
- To be a strong case for the recommendation of permanent exclusion to the Governing Body.

All other cases (excluding the most minor forms of inappropriate physical contact) can result in:

- A lengthy suspension.
- The student appearing before the disciplinary panel of the Governing Body, at which their future in the school would be considered.
- If allowed to return to school, a formal Governors' warning that any repetition would result in permanent exclusion.
- Appropriate follow up, monitoring and intervention from the Inclusion Team.

CONFISCATION OF INAPPROPRIATE ITEMS

The school enables a member of staff to confiscate, retain or dispose of a pupils' property as a punishment, so long as it is reasonable in the circumstances. The law protects them from liability for damage to, or loss of, any confiscated items.

Power to search without consent for "prohibited items" including:

- Knives and weapons
- Alcohol
- Aerosols
- Illegal drugs
- Stolen items
- Tobacco, cigarette papers and lighters
- Vapes or vape fluids
- Fireworks
- Pornographic images
- Metal afro combs
- e-scooters
- Objects which have been modified with the intention to create injury
- Racist/homophobic/disablist/sexist or extremist literature
- Large quantities of money
- Large quantities of foods or drinks which may be used for resale for personal gain
- Fizzy drinks and energy drinks
- Any item that could be dangerous or perceived to be dangerous
- Non-prescribed medication
- Electronic equipment including smartwatches. (For mobile phones refer to Mobile Phone Strategy)
- Any article that has been or is likely to be used to commit an offence, cause personal injury or damage to property; and
- Any item banned by the school rules which has been identified in the rules as an item that may be searched for.

The School is not required to have formal written consent from the pupil for this sort of search – it is enough for the teacher to ask the pupil to turn out his or her pockets or if the teacher can look in the pupil's bag or locker and for the pupil to agree.

Sydney Russell has in this policy informed all parties on what items are on our banned list and therefore these are the items that can be searched for under this policy.

If a member of staff suspects a pupil has a banned item in his/her possession, they can instruct the pupil to turn out his or her pockets or bag and if the pupil refuses, the teacher can apply an appropriate punishment as set out in this strategy.

A pupil refusing to co-operate with such a search raises the same kind of issues as where a pupil refuses to stay in a detention or refuses to stop any other unacceptable behaviour when instructed to do so by a member of staff – and in such circumstances, schools can apply an appropriate disciplinary penalty. However, in a safeguarding situation the senior member of staff will call the police to the school and the child will be removed from the school site for a more extensive search at a local police station.

RESTRAINING STUDENTS

School staff have a legal power to use force and lawful use of the power will provide a defence to any related criminal prosecution or other legal action. Staff have been provided with professional restraint training.

What is reasonable force?

- Force is usually used either to control or restrain. This can range from guiding a pupil to safety by the arm through to more extreme circumstances such as breaking up a fight or where a student needs to be restrained to prevent violence or injury.
- 'Reasonable in the circumstances' means using no more force than is needed.
- As mentioned above, schools generally use force to control pupils and to restrain them. Control means either passive physical contact, such as standing between pupils or blocking a pupil's path, or active physical contact such as leading a pupil by the arm out of a classroom.
- Restraint means to hold back physically or to bring a pupil under control. It is typically used in more extreme circumstances, for example if two pupils are fighting and refuse to separate without physical intervention.
- Staff will always try to avoid acting in a way that might cause injury, but in extreme cases it may not always be possible to avoid injuring the pupil.

Who can use reasonable force?

- All members of school staff have a legal power to use reasonable force.
- This power applies to any member of staff at the school. It can also apply to people whom the head teacher has temporarily put in charge of pupils such as unpaid volunteers or parents accompanying students on a school organised visit.

When can reasonable force be used?

- Reasonable force can be used to prevent pupils from hurting themselves or others, from damaging property, or from causing disorder.
- In school, force is used for two main purposes – to control pupils or to restrain them.
- The decision on whether or not to physically intervene is down to the professional judgement of the staff member concerned and should always depend on the individual circumstances.

The School can use reasonable force to:

- Remove disruptive children from the classroom where they have refused to follow an instruction to do so;
- Prevent a pupil behaving in a way that disrupts a school event or a school trip or visit;
- Prevent a pupil leaving the classroom where allowing the pupil to leave would risk their safety or lead to behaviour that disrupts the behaviour of others; and
- Prevent a pupil from attacking a member of staff or another pupil, or to stop a fight in the playground.

Telling parents when force has been used on their child

If an incident involving the use of force on a child occurs the school will decide whether it is appropriate to report the use of force to parents. A record will be kept of all serious incidents.

In deciding what a serious incident is, teachers should use their professional judgement and also consider the following:

- The pupil's behaviour and level of risk presented at the time of the incident
- The degree of force used
- The effect on the pupil or member of staff
- The child's age

What happens if a pupil complains when force is used on them?

- All complaints about the use of force will be thoroughly, speedily and appropriately investigated.
- Where a member of staff has acted within the law – that is, they have used reasonable force in order to prevent injury, damage to property or disorder – this will provide a defence to any criminal prosecution or other civil or public law action.
- When a complaint is made the onus is on the person making the complaint to prove that his/her allegations are true – it is not for the member of staff to show that he/she has acted reasonably.

What about other physical contact with pupils?

It is not illegal to touch a pupil. There are occasions when physical contact, other than reasonable force, with a pupil is proper and necessary.

Examples of where touching a pupil might be proper or necessary:

- Holding the hand of the child at the front/back of the line when going to assembly or when walking together around the school;
- When comforting a distressed pupil;
- When a pupil is being congratulated or praised;
- To demonstrate how to use a musical instrument;
- To demonstrate exercises or techniques during PE lessons or sports coaching;
- To give first aid.
